PERSONALS

Mrs. Wilbur L. Coleman is a patient in the Virginia Baptist Hospital.

J. E. Emerson and O. R. Turnes spent the week-end on a fishing trip at Virginia Beach.

Mr. and Mrs. Lewis B. Winters had their friends, Mr. and Mrs. Charles W. Shubert, of York, Pa., to visit them for several days recently.

Bradley Babcock, a student at Hampden-Sydney College will spend this week-end with his parents, Mr. and Mrs. A. A. Babcock.

Mr. and Mrs. S. J. Evans were dinner guests Saturday evening of Mr. and Mrs. A. C. Newcomb, of Lynchburg.

Mr. and Mrs. Zack Collins, of Dan Ville, and Mrs. Hester Witt, Lynchburg, spent Sunday afternoon with Mrs. Joel Guill.

W. D. Patterson, who underwent surgery at the Virginia Baptist Hospital recently, returned home Saturday, and is getting along nicely.

Miss Patty Featherston will return home this week-end, after an extended visit with her sister, Mrs. R. E. Baldwin, of Richmond.

Richard Robinson, a student at Hampden-Sydney College, will spend this week-end with his parents, Mr. and Mrs. R. D. Robinson.

Mrs. L. Crawley has returned home, after visiting her son and daughter-in-law, Mr. and Mrs. Ray Crawley, of Richmond.

Miss Kathryn Burkey and Miss Marian Mize, of Alexandria, and Robert Burkey, of Richmond, spent the week-end with Mrs. Mildred Burkey.

Mrs. Grace Stephens, of Dunn, N. C., visited in the home of Mr. and Mrs. Lewis B. Winters recently, and attended the Caldwell-Marshall reunion.

Mrs. W. R. Stratton had as her guest for the week-end Miss Rocier Martin, of Ronceverte, West Va. Mrs. Stratton is now occupying an apartment in the Babcock home.

Mr. and Mrs. George Collins, of Spout Spring called by to see Mrs. Frank Babcock Monday. Mrs. Babcock is recovering from a recent illness.

Mr. and Mrs. S. J. Evans were dinner guests Sunday of Mr. and Mrs. E. L. Kennedy, of Lynchburg. The occasion was Mrs. Evans' birthday. Mrs. Guill, of Roanoke, was also a guest in the home.

Mr. and Mrs. Frank M. McCann and Mrs. Mike and Jim, attended the Navy - William and Mary football game last Saturday at Annapolis, Md.

Billy Evans, of Washington, spent several days last week at his home here.

Many kinsmen and friends were called to Appomattox this week, due to the several deaths in the community. We extend deepest sympathy to the bereaved families.

Mrs. Calvin Robinson, First Vice-President of the Virginia Division, United Daughters of the Confederacy, will leave Sunday for Natural Bridge, where she will attend the State Convention.

Misses Debra and Donis Ford, of Roanoke will spend this week-end with their grandmother, Mrs. Clara Mitchell. Mrs. Mitchell will accompany them home and spend Sunday night.

Birthday List

Mrs. Anne Anderson, Oct. 20.
Harry Jarrels, Oct. 3.
Myrna Mann, Oct. 7.
Gloria Jean Jarrells, Oct. 19.
Mrs. E. O. Jarrells, Oct. 31.

About The Home

By Frances Dell

Every modern homemaker should enjoy the pleasure of cooking with all the many different spices, seeds and herbs available to her. Using them is easy and fun, and will keep you and your family from becoming bored with the food on the family dinner table.

Spices are the roots, bark, stems, leaves, buds, seeds or fruit of certain aromatic plants which grow only in the tropical zone. There are sweet spices, spicy-sweet and hot spices. Cinnamon is a sweet spice, ginger is spicy-sweet, and cayenne is hot.

Herbs are the leaves of plants which grow only in the temperate zone. For example, bay leaves, chervil, marjoram, oregano.

Seeds refer to the seeds and sometimes the small fruit as plants which grow in both the tropical and temperate zones. Examples are anise, caraway, cardamon and coriander.

There are many vegetable seasonings, such as onions, garlic, chives, shallots and parsley.

Condiments are a great help in cooking, and they are usually liquid mixtures of spices and endless other ingredients.

Table salt — everyone's stand-by, is a chemical, and so is the now popular monosodium glutamate.

Keep your spices tightly covered to preserve their taste and aroma. They should never be stored near the stove or any other source of heat, as heat will evaporate the perfumes.

Play safe — drive carefully.

World Bank grants $85,000,000 loan to India.

Ireland would restrict nuclear arms to Big Four.

ROACH - RANSON

Rocks Baptist Church was the scene of the wedding on September 27th at 7:30 o'clock, when Miss Rachel Louise Ranson, daughter of Mr. and Mrs. Harry W. Ranson, of Pamplin, became the bride of John Alden Roach, son of Mr. and Mrs. O. E. Roach, of Brookneal.

The double ring ceremony was performed by the Rev. Wurst. Arrangements of white gladious against a background of ferns and palms all lighted by candles in tall candelabas formed the bridal decoration in the church.

A program of wedding music was presented by Mrs. Robert Harris at the piano and Mr. James Hall, vocal soloist.

Given in marriage by her father, the bride wore a gown of chantilly lace and tulle over taffeta. The V neckline, of the lace bodice, was finished in appliques of the flower motifs of lace. The full floor length skirt of tulle ended in a Cathedral train, treated with wide lace panels in front and back, falling from her waist line to her shoulder. Her finger tip veil of French illusion was attached to a crown of seed pearl. She carried a white Bible topped with a white orchid and showered with stephanotis.

Miss Mary Edith Ranson was her sister's maid of honor. She wore a waltz-length gown of rose taffeta with a wraparound sash that tied in back with streamers to the hemline. She carried a bouquet of white roses.

The bride's other attendants were Miss Ruth Ranson, sister of the bride and Miss Ida Belle Harvey. They wore dresses similar to that of the honor attendant, and carried similar bouquets.

Lynn Roach, small daughter of Mr. and Mrs. W. R. Roach, was flowergirl, and Kenneth Inge was ringbearer.

Mr. O. E. Roach was his son's best man and ushers were Neil Smith, Roland Roach, Harry Eugene Ranson and Stanley Roach.

After the ceremony, the bride's parents entertained with a reception in the church basement.

For the wedding trip the bride chose a blue fall suit with matching accessories adding the orchid from her bridal bouquet at her shoulder.

Upon their return, the couple will make their home in Lynchburg.

Homemakers Items

Small and medium eggs are an exceptionally good buy on most markets at this time of year, say Extension specialists.

Small eggs are the first eggs produced by pullets. After laying small eggs for a short time, those new pullets lay medium eggs for several weeks — the second step in reaching large egg size. Small and medium eggs are now in abundant supply because of an unusually large number of pullet chicks raised this year, the specialists say.

Egg size should not be confused with quality. Grade A small and medium eggs are equal in quality to Grade A large eggs. So when there are plenty of small and medium eggs, they can provide the homemaker with a bargain in high quality, high protein food.

If the price spread between large and small eggs is 16c or more when large eggs are 60c a dozen, the small size egg is the economy buy. If the spread between large and medium is 8c or more, medium eggs are a better buy than large. Small eggs are a better buy than medium when they are priced 8c under mediums. For instance, when large eggs are selling for 60c, medium eggs are an equally good buy at 52c, and small eggs are an equally good buy at 45c. When large eggs are selling for 66c, medium eggs are an equally good buy at 58c, and small eggs are an equally good buy at 50c.

Small and medium eggs can easily be used in omelets, souffles, custards, scrambled eggs, and egg casseroles. In fact, they fit in any recipe where egg volume can be slightly increased or decreased without affecting the results, the specialists say.

Her Spuds are Nutty

Quincy, Mass.- Dig those nutty spuds. Inside every potato in a five-pound bag she purchased, Mrs. Gustave A. Oster III found a nut-like object which tasted vagely like a walnut or a water chestnut.

An agricultural expert theorized the potatoes were grown in either Virginia or North Carolina. In these states, he noted, there is a growth called "nut grass." He suggested that the grass had been so thick in the potato fields as to penetrate inside the potatoes, growing their nuts inside. But the official, a potato expert for some 40 years, said he had never heard of a whole field of potatoes being so affected.

Too Fast On Draw

Fort Worth.- Texas Ranger Buddy Hendricks is a quick man with a gun—too quick. He went to a party for law enforcement officers and borrowed a pistol to do a little target shooting.

His hand flashed to the holster in the best tradition, then—bang! Hendricks shot himself in the right calf.

"This'll teach me to use some one else's gun," the red-faced ranger said, explaining that the rear sight caught in the holster.

Farm News

By J. A. Smith, County Agent

Trends in Virginia Population Noted

The total population of Virginia is increasing at a slightly faster rate than the nation as a whole, and by place of residence the 1960 Census should show most Virginians classified as urban dwellers.

Sociologists at VPI say, however, that Virginia will still be more rural than the nation in 1960.

Virginia's population increased from 1,854,184 in 1900 to 3,318,680 in 1950, and is expected to reach 3,834,000 in 1960.

In 1950, 22.1% was classified as "rural farm." The number is expected to drop to 18.9% by 1960, while the 47% classified as urban will rise to 53.4%. In between are the "rural non-farm" residents, expected to drop from 30.9% in 1950 to 27.7% in 1960.

While there have been some yearly fluctuations, the Virginia rural farm population has shown a downward trend since 1935 — from 1,066,000 that year to an estimated 673,000 in 1957.

The age structure of the state is gradually changing. In 1900 the median age was 20.3 years, while in 1950 the median age was 27.3 years.

IN FASHION NOW

The new high-waisted look and the relaxed line seem to have settled down to be with us for some time. We hope for—for two reasons.

The first is we like the look, and second—women have spent a mint decking themselves out in the latest.

If the fashion dictators are working another little "get rich quicker" scheme on us, they will deserve to be burned at the stake. We can only hope they have learned by their past mistakes via the flat "little boy" look.

An old favorite that is a current trend is the revival of the long-haired fur collar for suits and coats. For the past several seasons the big fur collar has been unseen. Now it is in full glory again, and for good reason. Nothing is more flattering to the face than a collar frame of soft fur.

Now is the time to take mother's old silver fox out of storage or the attic (heaven forbid!) and wear it with pride—that is, if mother doesn't beat you to it.

High-waisted and Empire dresses, with their shorter distance from bustline up, make a deep hat or a drooping hat-brim look like a most unbecoming and too-heavy lid. The look of the hat and the hair should, for best results, be upward rather than down. Remember, height at the crown is of great importance.

The big hats of fur or feather, known as the "bulky hat" are best worn with little or no hair showing. These hats look best on women with really beautiful and young-looking faces.

Velvet is one of the most important hat materials of the season. This is probably because it lends itself perfectly to the new bulk required without adding too much weight. This soft fabric is another well-known complexion flatterer.

The Virginia farm [illegible] of living index, [illegible] cent of farms with electric [illegible], automobiles and [illegible] value of products sold considerably below the national average, and in [illegible] Virginia counties above the national average, and [illegible] above the state average. [illegible] County is low, and [illegible] Northampton Counties are [illegible]. The sociologists say the [illegible] trend from the rural farm to rural non-farm and urban is expected to continue from 1940-1950 period, 73 [illegible] people per day were abandoning the non-farming population. The greatest losses [illegible] the 10 to 14 and 15 to 19 grouping.

While a loss of young people from the rural farm population [illegible] was based on [illegible] ratios (ages 25 to 29 [illegible] data show that there is a [illegible] of rural male youth [illegible] ing age on the farm. In the period 1950-1960 it is [illegible] that for every 100 [illegible] ers to retire or die there [illegible] another 147 to take their [illegible].

QUESTIONS OF THE W

(Editor's note: Here are some [illegible] tions asked most frequently [illegible] ginia farmers during the [illegible] as reported by county [illegible] agents. Staff members of [illegible] Agricultural Extension Service or Experiment Station supply answers.

Q. Should I use my own [illegible] grown small grain for seed?

A. Certified seed usually [illegible] in higher yields. If you [illegible] own grain, be sure to treat [illegible] disease control.

Q. Is it too late to seed [illegible]?

A. In all parts of the [illegible] cept the tidewater and [illegible] areas, it is too late — unless [illegible] a lucky gamble.

Q. When soybeans are [illegible] ture should I apply [illegible] control insects?

A. Most soybeans are now in the stage where insects [illegible] losses heavy enough to justify [illegible] use of chemicals.

Q. In seeding oats, barley, wheat in a mixture, for [illegible] hay, which varieties should [illegible] view of dates of maturity [illegible]?

A. West of the Blue Ridge [illegible] Goodfeed oats, Wong barley, Thorne wheat. In Piedmont, Wong barley, Thorne wheat, [illegible] lington oats (if planted at the [illegible] same time as for grain). [illegible] oats (if planted earlier than [illegible] usual date for grain. Complete [illegible] recommendations are the same for Piedmont.

Polar bases foreseen for space flights.

Survey said to show [illegible] civil defense.

First student exchange [illegible] viet to begin.

ll Find Your Favorite Colors On Skyline This Fall

[illegible] Va.- What are your [illegible]? Purple, scarlet red, [illegible] orange, pink?

[illegible] are, you'll find [illegible] Skyline Drive. With [illegible] of rainfall this [illegible] and foliage of Shen[illegible] Park are at their [illegible].

[illegible] Virginia creeper and [illegible] have begun to [illegible] here. And here and [illegible] splashes of red in [illegible] foliage. The hickor[illegible] started to turn—a [illegible].

[illegible] mountainsides will be [illegible] colors of almost every [illegible] tone of year. The pa[illegible] starts at the lower [illegible] reaches a little higher [illegible] the same process takes [illegible] spring when the trees [illegible] their coats of green. [illegible] its an upward [illegible] finally the whole area is [illegible] color.

[illegible] to the wave of a [illegible] and white oaks, [illegible], the sourwood, the [illegible] dogwood and the sumac don riotous [illegible] foliage. The yellow and black birches, the tulip trees, the hickories and the chestnut oak add bright splotches of yellow to the landscape. The sassafras joins in with orange, the white ash with purple, and the red maple with three-tone combinations of yellows, oranges and reds.

The spectacle of color is expected to last into November, with the peak coming sometime in October. The treat of seeing the Skyline Drive in the fall is something that hundreds of thousands of visitors enjoy every year. Many come year after year, while others will discover it for the first time.

For those who wish overnight accomodations, there are two comfortable lodges — Big Meadows and Skyland. Each has a spacious picture window dining room overlooking the Valley. The celebrated menus feature special recipes, such as flannel cakes and wild blackberry syrup. Also featured are old Virginia corn pudding and Southern style chicken pot pie.

Big Meadows Lodge will remain open until November 3, and Skyland Lodge will be open through October 27. Dickey Ridge Information Center will not be closed until November 1.

Visitors to both Skyland and Big Meadows are enjoying the new campfire devotional services twice a week. The services are held outdoors beside a camp fire. A mountain guitarist provides the music and a local minister conducts the interdenominational services.

Stonewall

Stonewall, Sept. 30.- My, where has our summer gone? Tomorrow will be October! Hope it will be a pretty month. So thankful our storm wasn't so bad last week as it was in other parts of the country.

Mr. and Mrs. V. A. Stratton and family were called to West Virginia last week, due to the death of her father. We extend deepest sympathy to them all.

Mr. and Mrs. Irby Wheeler spent last week-end in Richmond with Mr. and Mrs. Bob Wheeler and family.

The Rev. and Mrs. Bert Wilson and family, of Covington, visited Mr. and Mrs. Lester Carson last Friday.

Mrs. Rob Stratton and Mrs. A. A. Babcock, of Appomattox were visitors in our community last Sunday.

Mrs. Bettie Wheeler and little Brad Wheeler, of Lynchburg visited Mr. and Mrs. Irby Wheeler last week.

Mr. and Mrs. Mason and family are visiting in the home of Mr. and Mrs. Hop Elliott.

Mr. and Mrs. Cantrell Smith and girls, of Lynchburg, spent the week-end with her parents, Mr. and Mrs. C. D. Carson.

Mr. and Mrs. Henry Beard and Lawrence, Mr. and Mrs. Lester Carson and Mr. and Mrs. Howlette Drinkard Sr. visited Mr. and Mrs. E. L. Chick on Sunday.

Mr. and Mrs. Tommie Tanner visited in the Chick home on Friday evening.

Mr. and Mrs. Tilden Lee and children spent Sunday with her parents, Mr. and Mrs. Wash Wheeler at Rustburg.

The W. M. U. of Hebron Church met at the church last Tuesday night for its September meeting, with good attendance.

Miss Virginia Davidson, of Lynchburg spent the week-end with her parents, Mr. and Mrs. Tommie Davidson.

Mr. and Mrs. Calvin Tanner, of Lynchburg were supper guests of Mr. and Mrs. Hugh Tanner last Saturday night.

Mr. and Mrs. Clifton Drinkard spent Sunday with her parents, Mr. and Mrs. Austin, at Appomattox.

Mrs. Tilden Lee and son, Wayne, visited in Roanoke last Wednesday.

Mr. and Mrs. Lyle Thomas and Mr. and Mrs. W. E. Bondurant, Jr. attended the Richmond fair one day last week.

Mrs. J. H. Beard is spending some time in Roanoke with relatives.

Mr. and Mrs. Tom Davidson and son, Edward spent Sunday with her parents, Mr. and Mrs. Wallace Bondurant, Sr.

Mr. and Mrs. Tom Ray Burnette and Tim, of Concord, spent Sunday with his parents, Mr. and Mrs. J. Rufus Burnette.

KNOW THE WEATHER

By E. H. Sims

What role do the sun's ultraviolet rays play in molding the earth's weather?

Ultra-violet rays from the sun are short wave rays which, curiously, tend to heat the earth's equatorial belt more than the polar regions, a phenomenon which is a great effect on the winds which circle the earth, as can readily be seen—heat being a producer of wind and cloud.

Generally speaking, when the sun's ultraviolet rays are more numerous than usual, the greater area of the United States is due for stronger west-east weather movements and stronger west-east movements and tents and wetter weather.

Fewer ultraviolet rays from the sun mean warmer and drier weather for most of the country.

LEGAL ORDER

Office of the Town Clerk
Town of Pamplin, Virginia
September 16, 1958

NOTICE is hereby given in pursuance of Section II of an Ordinance approved September 16, 1958, that bids shall be received for the franchise privilege and rights proposed to be granted by the following ordinance, by the presiding officer of the Council of the Town of Pamplin, Virginia, at the regular meeting of said Council, which will be held in the Council Chamber, on the 4th day of November, 1958, at the hour of 8:00 o'clock P. M., and after the receiving and opening of such bids, the Council will proceed with the consideration of the granting of the said proposed franchise in the mode prescribed by law.

All bids must be in writing. The right is hereby expressly reserved to reject any and all bids. The proposed franchise ordinance is in the words and figures following:

AN ORDINANCE

To provide for the grant by the Town of Pamplin, Virginia, to a person or persons, or to a corporation, its successors and assigns, hereafter to be ascertained in the mode prescribed by law, of the right for the term and upon the conditions herein stated, to use the streets, alleys and public places of said Town, and to acquire, erect, maintain and use, and if now constructed to maintain and use, poles, towers, wires and appliances over and along, and to acquire, construct, maintain and use, and if now constructed to maintain and use, conduits or subways, including necessary manholes, and to run cables and wires in, under and along the streets, alleys and public places of the Town, for the purpose of distributing and transmitting electric current for light, heat and power at any point within the corporate limits of said Town, as the same now exist or may hereafter be extended or altered.

BE IT ORDAINED BY THE COUNCIL OF THE TOWN OF PAMPLIN, VIRGINIA:

I. That there shall be granted in the mode prescribed by law for franchise grants and upon the conditions hereinafter specified, the rights and privileges on, over and under the streets, alleys and public places of the Town of Pamplin, Virginia, embodied in the following draft of an ordinance entitled:

AN ORDINANCE

To grant to its successors and assigns, the right for the term and upon the conditions herein stated, to use the streets, alleys and public places of the Town of Pamplin, Virginia, and to acquire, erect, maintain and use, and if now constructed to maintain and use, poles, towers, wires and appliances over and along, and to acquire, construct, maintain and use, and if now constructed to maintain and use, conduits or subways, including necessary manholes, and to run cables and wires in, under and along the streets, alleys and public places of said Town, for the purpose of distributing and transmitting electric current for light, heat and power, and to supply and sell electric current for light, heat and power at any point within the corporate limits of the Town, as the same now exist or may hereafter be extended or altered.

BE IT ORDAINED BY THE COUNCIL OF THE TOWN OF PAMPLIN, VIRGINIA:

Section 1. That the right is hereby granted unto

hereinafter referred to as the "grantee", its successors and assigns, for the term and subject to the conditions and limitations hereinafter stated, to use the streets, alleys and public places of the Town of Pamplin, Virginia hereinafter referred to as the "Town", and to acquire, erect, maintain and use, and if now constructed to maintain and use, poles, towers, wires and appliances over and along, and to acquire, construct, maintain and use, conduits or subways, including manholes, and to run cables and wires in, under and along the streets, alleys and public places of the Town, for the purpose of distributing and transmitting electric current for light, heat and power, and to supply and sell electric current for light, heat and power at any point within the corporate limits of the Town, as the same now exist or may hereafter be extended or altered.

Section 2. From and after the date on which this ordinance shall become effective, the poles and other structures in, under and along the streets, alleys and public places of the Town, authorized by this or distance to be located and constructed, shall be located at reasonably suitable and convenient points. If and when requested by the Mayor or other proper administrative officer of the Town, the grantee shall, from time to time, file with the Town plans showing the location of proposed additional poles or structures, and obtain a permit therefor prior to their construction in, under and along the streets, alleys and public places of the Town.

Section 3. In the location and erection of the poles, conduits and other structures and fixtures and in stringing the wires as herein authorized, the said grantee shall have the right to trim, cut and keep clear of its wires and fixtures the trees in and along the streets, alleys and public places of the Town, but shall not cut or otherwise injure said trees to any greater extent than is reasonably necessary in the construction, maintenance and operation of the said poles, wires, fixtures and other structures of the said grantee as herein authorized and provided.

Section 4. In the event the said grantee shall, in the construction or repair of its works, injure any pavement, sidewalk, sewer, water or other pipe or works belonging to the Town, it shall, upon notice thereof from the Mayor, promptly repair the same at its own cost and expense.

Section 5. The said grantee shall, when so requested by the Council of the Town, permit its poles, towers and other structures to be used without compensation by said Town for the purpose of placing thereon any traffic lighting, fire or police alarm, telegraph or telephone wires which may be necessary for the exclusive use of the police or fire department of the Town, provided that such use by the Town shall not interfere with the proper use of said poles, structures and fixtures by the said grantee, and that the location and character of said wires and fixtures of the said Town shall be subject to the approval of the grantee herein, and provided further that the said Town shall, and it hereby agrees to, indemnify and save harmless the said grantee from any and all loss, damage, cost or expense to or which may be incurred by said grantee, or to which it may be subjected by reason of or as a result of the use of said poles and structures by the Town as in this section provided.

Section 6. The said grantee agrees and binds itself, by the acceptance of this ordinance, to indemnify, keep and hold the Town free and harmless from liability on account of injury or damage to person or property growing out of the construction, improvement, maintenance, repair and operation of its lines or works, and in the event that suit shall be brought against the Town, either independently or jointly with said grantee on account thereof, the said grantee, upon notice to it by the Town, will defend the Town in any such suit at the cost of said grantee, and, in event of a final judgment being obtained against the Town, either independently or jointly with said grantee, the said grantee will pay such judgment, with all costs, and hold the Town harmless therefrom; but nothing herein contained shall be construed to render said grantee liable for the negligence of the Town, its agents or employees or of any other person or corporation.

Section 7. The rights and privileges herein set forth are granted and conferred upon the said grantee, upon the express condition and understanding on the part of the said grantee, that it will render to the public in the Town within the territory served by the said grantee, at all times during the term of this ordinance, an efficient light and power service at reasonable rates, and that it will maintain its properties, works and structures located within the Town in good order throughout the term of this grant, and the said grantee by accepting this ordinance expressly agrees that the State Corporation Commission shall have jurisdiction, to the full extent and in the manner now or hereafter during the life of this ordinance provided by law, to require the said grantee to render an efficient service at reasonable rates, and to maintain its property in good order throughout the term of this grant, and to otherwise enforce the provisions of this section to the full extent provided by law.

Section 8. Any person who shall maliciously or wrongfully tamper or interfere with, cut, injure or destroy any of the poles, wires, fixtures or other property of the said grantee, constructed and maintained in accordance with the provisions of this ordinance, within the corporate limits of the Town, shall, on conviction thereof, be fined not less than five dollars nor more than fifty dollars.

Section 9. All the rights and privileges hereby granted to said grantee may be exercised by any successor or successors, assignee or assignees of the said grantee, but said successor or successors, assignee or assignees shall be subject to all the provisions, obligations and stipulations and penalties herein prescribed.

Section 10.- The rights and privileges hereby granted shall continue for the period of thirty years from and after the final passage of this ordinance, unless the same be sooner voluntarily surrendered by the said grantee, with the consent of the Council of the Town, or unless the same be sooner forfeited as provided by law.

Upon the expiration of the term of this grant and upon the termination of the rights hereby granted, by surrender, forfeiture or otherwise, all of the poles, wires, conduits, lines and other property of the said grantee in the streets, alleys or public places of the Town shall be removed from the streets, alleys and public places of said Town at the expense of the owner within a reasonable time after the expiration or termination of said rights and privileges, such time to be prescribed by the Council of the Town.

Section 11. This ordinance and the rights and privileges hereby granted and conferred shall not become effective unless and until the said grantee shall file with the Mayor of the Town its written acceptance thereof, in form satisfactory to the Mayor, and shall enter into a bond in the sum of One Thousand Dollars ($1,000), with surety satisfactory to the Mayor, conditioned to the effect that the grantee will construct and maintain, or if constructed, will maintain, the plant or plants provided for herein and reasonably necessary for the exercise of the rights and privileges granted in and by this ordinance, and will maintain the same in good order throughout the term of this grant, and will comply with the terms, provisions and conditions of this ordinance in all respects.

Section 12. The right is hereby granted to the grantee, insofar as the Town may lawfully grant such right, to operate the existing poles, wires and appurtenances, constructed within the corporate limits of the Town on the date this franchise is effective, and heretofore operated as an electric light and power distribution system within the Town as a part of the electric light and power distribution system of the grantee to be constructed and operated under this franchise.

Section 13. This ordinance shall be in force from its passage.

II. That upon the approval of this ordinance by the Mayor of the Town it shall be the duty of the Town Clerk to cause to be advertised once a week for four successive weeks, in some newspaper of general circulation in the Town, the draft of ordinance contained in the foregoing sections, and in addition he shall, by such advertisement, invite bids for the privileges and rights proposed to be granted by said ordinance, which bids shall be in writing and shall be delivered to the presiding officer of the Council of the Town in open session at the day and hour of the next regular meeting of the said body to be held next after such advertisement is completed, which bids shall then be presented to the Council by the said presiding officer to be dealt with and acted upon in the manner prescribed by law for franchise grants. Said advertisement shall expressly reserve the right to reject any and all bids, and the successful bidder shall be required to pay all costs of advertising the franchise in addition to the sum bid by it.

III. This ordinance shall be in force from its passage.

Passed by the Town Council of the Town of Pamplin, Virginia, on the 16th day of September, 1958.

J. Harold Anderson,
Mayor
Town of Pamplin, Virginia

(9-18-4tc)
